

## YOUR ORGANIZATION CAN HELP END PET HOMELESSNESS

Portsmouth Humane's mission is to create a safe, compassionate, inclusive community for people and animals through education and resource programs that elevate animal welfare standards and champion the human-animal bond. We accomplish this through partnerships with community members and organizations to keep pets in their homes, support criminal action against animal abusers, and create new connections for homeless pets and people that love them..

Over the years, community members like you have invested in Portsmouth Humane to help us grow, evolve, and become a leader in Hampton Roads animal welfare. Program Sponsors are invited to become part of Portsmouth Humane's work through group volunteer opportunities, hosting adoptable dogs in your office, and more.

Let us know when you're ready to join Portsmouth Humane's mission to end pet homelessness as a Program Sponsor - email Executive Director , Dyanna Uchick, at [director@portsmouthhumanesociety.org](mailto:director@portsmouthhumanesociety.org) with questions and to make your commitment to being a part of Portsmouth Humane's success!
